

Happy Running from Meewasin Valley Authority CEO, Andrea Lafond

In 2019 Meewasin is celebrating 40 years of leading conservation of our beautiful South Saskatchewan River Valley! Watch our newsletter and website for announcements on activities throughout the year to celebrate our 40th milestone. Over that time Meewasin has built and upgraded over 80 km of accessible trail with 1.4 million users last year and has more than 67 square km in the Meewasin Conservation Zone. There has been tremendous work done over the last 40 years and there is a lot of exciting plans for the next 40 that would not be possible without the wonderful support from organizations like the Saskatoon Road Runners Association (SRRA), who have contributed over \$280,000 to Meewasin and has hosted the Marathon for as long as Meewasin has existed . We want to thank the SRRA for hosting such a great event and wish everyone luck on Sunday May 26th for the 41st running of the Saskatchewan Marathon. We sincerely hope you have a great run along the Meewasin Trail and enjoy the beautiful views of the river valley!
